

The SAM project

Help fund a life-size Brittany bronze monument at the National Bird Dog Museum

The Goal is to raise enough funds to install a life-size Brittany bronze monument at the National Bird Dog Museum with all remaining funds going to the Brittany Endowment Fund.

Help make this a reality!

To help raise funds, 111 numbered, limited-edition replicas of the Brittany bronze are being sold for \$500 each. The replicas are approximately 11" x 6" x 6" and sculpted by artist Matthew Gray Palmer. Owners will have their names and numbers permanently included on a bronze plaque to be attached to the life-size Brittany bronze monument in the garden at the National Bird Dog Museum.

Hurry to reserve your LIMITED EDITION Brittany bronze today, as only a few remain available!
